

SPEAKER WITHEM: Senator Wickersham.

SENATOR AVERY: I...the concept I do believe in. I think it's fine. Just maybe for the record, to clarify, where you got the \$200, is there...

SENATOR WICKERSHAM: Senator, you need a number. You can pick \$100, you can pick \$200, you can pick \$300, or any other number that you choose. I happen to know that there is a particular publication over in DED and I am not, and I hope I am not spotlighting them for any particular reason, I think they charge \$160 for it. SENATOR AVERY: Okay, I think that we just needed a little clarification, if it was, and I understand where it come from now and I will support that. Thank you.

SPEAKER WITHEM: Senator Bromm. Senator Avery, you were finished, right? Senator Bromm.

SENATOR BROMM: Thank you, Mr. Speaker. Just briefly to rise and say that I support the Wickersham amendment. It is not our intent to deal with the items that he is pertaining to, maps, pamphlets, brochures, at least in this bill, and he has provided some outlets for those things to be continued to be offered without any question, I think. So with that, I will just say I will support the amendment. Thank you.

SPEAKER WITHEM: Senator Pirsch. Senator Pirsch, your light is on

SENATOR PIRSCH: Thank you, Mr. Speaker, members of the body. I was just kind of talking with Senator Wickersham about this amendment, and certainly will support it because getting a simple copy, but I would like to call your attention to what the Fairview township did with carbon...with Xeroxed copies, and hope that by mentioning that that certainly our agencies and our
